

WHAT EXACTLY ARE TALISMANS ?

A true magical talisman can be said to resemble a self-recharging battery. At the time of its preparation, a potent combination of Angelic and Cosmic planetary influences endow it with a specific type of magical energy. The exact nature of this energy will depend on which magical benefits the Adept wishes the talisman to bestow upon its new owner. Once the energy has been acquired, or to put it another way, once the talisman has been charged, it will proceed on the principle of universal sympathy to attract a flow of similar energy from the universe **{like attracts like}**.

This means that while a talisman is using up Cosmic energy in furthering the cause for which it was dedicated, it is also drawing into itself sufficient new Angelic & Cosmic energy to continue that function. Thus a talisman works in a positive way, attracting the casual forces necessary to create whatever effect or benefits its owner may desire. This positive and creative energy transfers itself from the talisman to its owner - bringing positive and creative influences to every aspect of their daily life, helping them achieve their deepest desires and ambitions.

All **Circle of Raphael** talismans contain only pure and positive energies and it is totally impossible for any of them to ever function on a negative level. The sole purpose of a talisman is to attract benefits, blessings and opportunities to its owner. In carrying out this task a talisman must function in accordance with the supreme Cosmic law which states that humans are free to follow their heart's desire and seek happiness and security by whatever means are available to them, but they must not harm any person or living creature in the process. This simply means that whilst a talisman must always look after the best interests of its owner, it may **NOT** harm or cause stress to any other living creature whilst carrying out its function. **Circle of Raphael** talismans can only act on a positive level, by attracting only positive and beneficial angelic & planetary blessings to their owners.

Talismans are magical time-bombs, and once empowered they work only for the benefit, well-being and best interest of their owner. **Circle of Raphael's** talismans never need to be recharged and they are known to become more beneficial with time. Unlike other suppliers of talismanic items, all **Circle of Raphael's** magical items are created & empowered using an ancient and highly secret Magi 4,000 year old formula to empower each item so that it will bring its owner a lifetime of benefits and blessings.

A true talisman is simply a cosmic key with the power to open doors to opportunities, remove obstacles and help its owner achieve the realisation of his/her dreams & ambitions.
